

Caitlin Owen

caitlinowengreen@gmail.com | +1 (914)-312-5074 | Irvington, New York | Boulder, Colorado

EDUCATION

University of Colorado, Boulder, CO

August 2023 - Expected Graduation May 2027

Coursework towards a B.S. in Creative Technology & Design

Creative problem-solving, hands-on project development, leadership, and designing innovative technology-driven solutions

EF International Languages, Malaga, Spain

January - April 2023

Spanish immersion study abroad program

EF International Languages, Tamarindo, Costa Rica

April - June 2023

Spanish immersion study abroad program

Irvington High School, Irvington, New York

September 2019 - December 2022

HONORS & AWARDS

- Society of Women Engineers (SWE)
- Business & Engineering Women in Technology (BeWit)
 - Fostered a community of young women in engineering and business at the University of Colorado Boulder. Attended a trip to India including visits to companies such as Microsoft, Expedia Group, etc.
- Computing Corporate Affiliates Program (C-CAP)
 - Personally paired with Google, Boulder, along with three other students. Created a network of relationships under a mentorship.

EXPERIENCE

Brrzaar, Irvington, New York

Summer 2019 - Summer 2022

- Advanced from head-of-kitchen to front-of-house barista, cashier, and new staff trainer within the first 4 months.
- Delivered fast, friendly service; operated POS and maintained quality standards. Supported a positive, welcoming environment while creating long-term relationships with local customers.

Lavner Education, Pleasantville, New York

June 2024 - August 2024

- Taught classes such as Lego Robotics, Vex IQ Robotics, Girl's STEAM, and Lego Builders to young children at a technology focused camp.
- Responsible for groups of 4-10 students within the ages of 6-14.
- Guided students through hands-on building, debugging, and safe tool use; adapted lessons for varied skill levels. Fostered collaboration and problem-solving in small groups.

PROJECTS AND RELATED COURSEWORK

Creative Climate Communications, University of Colorado Boulder

- Created a sustainable fashion advertisement that was "published" in the RTD buses in the City of Boulder, an ad featuring a photograph of a sustainable sourced outfit along with a pro-environmental message and a QR code that provides access to a thrift store map for Boulder and information about Boulder's circular economy initiative, February-August, 2026.
- As a student of the Creative Climate Communication course at the University of Colorado (CU) I co-wrote, performed live sketch comedy, and helped produce the tenth anniversary of *Stand Up for Climate Comedy* on April 21, 2026 at the Boulder Theater, Boulder, CO, with 550 people in attendance and featuring professional comedians from New York City alongside student performances, funding through the Argosy Foundation.
- Served as a judge for the *Stand Up for Climate Change International Climate Comedy* Short Video Contest, with 56 submissions from 25 countries, sponsored by Inside the Greenhouse at the University of Colorado and the Argosy Foundation.

Engineering Projects, University of Colorado Boulder

- Created alongside my Engineering Projects group, The Little Einsteins. ACCOUNTAVAPE allows users to pair their own vape devices with our system to automatically count puffs. This innovative combination of real-time tracking and accountability offers a unique and effective approach to combat the vaping epidemic. Our project won amongst four other groups in our section at the ITLL Engineering Expo, Fall 2024.

LEADERSHIP

Community Food Share, Superior, Colorado

August - December 2023

- Volunteered to pack boxes of produce for the elderly community in Superior, Colorado.

Community Advisory Board, Irvington, New York

2019 - 2022

- Served as a board member alongside around 12 other students to help Irvington youth grow up healthy and responsible, prevent drug use, and foster open communication on important issues within the community.

SKILLS

- Coding Languages: C++, HTML, CSS, JavaScript, Python, Swift
- Adobe: Illustrator, InDesign, Photoshop, Lightroom Classic
- CAD: OnShape, Sketchup, Rhino
- Sound Production: Ableton Live Studio, Musehub
